PACCAR MX-11

Powered By Quality

- **Uptime:** MX-11 engines are built for durability with a B10 rating of over one million miles. Every MX-11 engine also comes standard with remote diagnostics to deliver focused up-time support.
- **Excellent Fuel Economy:** With ratings to 430 hp and 1650 lb-ft of torque, downsizing for fuel economy no longer means compromising performance.
- **Low Cost of Service:** With a 75,000 mile oil change interval, our MX engines will save your business money with a low cost of routine maintenance over the life of the engine.
- **Weight Savings Help Increase Revenue:** Less engine weight means hauling more payload with every trip. The PACCAR MX-11 engine is lighter than a 13L engine by 400-lb.
- **Superior Performance & Quiet Operation:** An MX engine's broad torque curves require less shifting, and the quiet operation improves the driving experience.
